

BAND SAW

ACCESSORIES P.30

JWBS-20-T

1000-004-097

- The powerful 3.7 kW (5hp) motor provides reserves for difficult crosscuts and in continuous operation
- Precision-planed cast iron table for added stability and workpiece support
- Saw blade quick release and tensioning system
- Two cutting speeds (640, 1'200m/min) for working efficiently with hard and soft woods
- Electro-mechanical motor brake
- Tool-free, independently adjustable ball bearing guide system for quick and easy adjustments and smooth operation
- Sturdy parallel fence with integrated fine tuning, operated on a round rod
- Heavy-duty guide post adjusted via a toothed rack and handwheel for optimal saw blade support
- Solid construction, stable and torsionally rigid

TECHNICAL DATA

Motor (V/kW)	230/3.7
Wheel diameter (ø-mm)	514
Max. cutting height/-resaw capacity (ø-mm)	406/508
Table tilt	5° left, 45° right
Table size (mm)	690×808
Blade speed (m/min)	640/1'200
Saw blade (mm)	4'013
Saw blade width min./max. (mm)	3/38
Blade guide	Ball bearing
Table height from floor (mm)	940
Miter t-slot (mm)	19×9
Dimensions (mm)	940×845×2'235
Weight (kg)	276
Dust port (ø-mm)	100

Other technical data and accessories you will find in the manual.
